Integrated Logistics Company

Logtainer

Logtainer is an Italian leader in logistics and the private operator managing the highest number of container trains on the Italian railway network. Since **1997**, the company provides transport solutions through an integrated combination of road, rail and intermodal logistics services.

Rail services: over 6,000 trains/year in Italy and Europe, supported by a fleet of 260+ dedicated rail wagons.

Inland terminals: strategic hubs in Pioltello (Milan), Rubiera, Padova, Bologna, Pordenone, Piacenza, Prato and Busto Arsizio.

Road transport: fleet of 500 trucks covering national distribution, including hazardous, temperature-controlled and high-value cargo.

Operational excellence: 93% on-time deliveries within scheduled hour; 80% EURO 6 vehicles supporting sustainability goals.

International network: connections with key European logistics hubs such as Rotterdam, Duisburg, Karlsruhe, Basel, Ludwigshafen and Singen, in cooperation with Hupac.

Yachting Agency

San Giorgio Yachting

SAN GIORGIO YACHTING
A MEDOV GROUP COMPANY

Founded in 2010, San Giorgio Yachting (SGY) is a luxury yacht agency specialized in delivering tailor-made assistance and concierge services for yacht owners, captains, crews and guests across Italy and Southern France.

Core Services

- Port, hotel and restaurant reservations
- Immigration, customs and harbor formalities assistance
- Itinerary planning and VIP concierge services
- Fresh provisions, bunkering and freight support
- Coordination of repairs and technical assistance
- Private transport solutions: taxi, limousine, helicopter and jet rentals

Key Strengths

- Wide Mediterranean operational network
- 24/7 premium assistance
- High-end hospitality expertise

Maritime Division

Maritime & ISPS security

The Maritime Division focuses on Maritime Security, ensuring ISPS mandatory compliance and continuous regulatory development, integrating ISPS security standards and guaranteeing an appropriate security framework for the facility and its clients.

Since 2022, we have been acting as Port Facility Security Officer (PFSO) for the Porto Venere Cruise Facility, Molo Doria, ITSPE 0013, overseeing ISPS security requirements for cruise ship calls and coordinating security procedures with Port Authorities, local stakeholders and Ship Security Officers (SSOs).

From operational experience to expertise (2007-2024)

Building on Marina di Portofino's direct operational experience since 2007, we have:

- coordinated 1M+ transit passengers
- handled 2.000+ cruise ship calls
- managed 1.400+ commercial yachts over 500 GRT-ISPS
- developed extensive expertise in port facility security, cruise operations, and stakeholder coordination

Tailor-made Experiences
Beyond

BEYOND
POWERED BY MEDOV GROUP

Beyond is Medov Group's premium hospitality and luxury experiences platform, created in 2026 to deliver exclusive, tailor-made services for high-end international travelers. Designed around selection, consistency and operational excellence, Beyond combines luxury tourism with authentic Italian experiences and sustainable hospitality standards.

The project aims to strengthen the global appeal of Italian destinations by promoting "Made in Italy" excellence, supporting local ecosystems and attracting premium travelers through curated, high-quality experiences.

Strategic Focus

- Luxury shore excursions and bespoke experiences
- Partnerships with top-tier cruise lines, luxury hotels and resorts
- Collaboration with high-end travel designers, DMCs and yacht charter operators
- Integrated operating model combining Medov Tour Operator and SGY expertise
- Dedicated event and convention sales channels

Strengths

- GSTC sustainability-oriented approach
- Dedicated website, APP Beyond Experiences

Yachting & Industrial services

Programma Mare

Founded in 1999, Programma Mare is a leading company in thermo-shrinkable protection systems for the yachting and industrial sectors, offering complete solutions for protection, logistics, storage and industrial setup.

Core Activities

- Design, production and installation of high-performance shrink-wrap covers for yachts, tenders, jet skis and industrial machinery;
- Warehousing and logistics management, including transport between yachts, shipyards and storage facilities;
- Indoor and outdoor storage areas located near ports and shipyards
- Setup of temporary structures, scaffolding, hangars and painting booths.

Technical Expertise

- 250-micron polyethylene films with UV protection
- Single and triple-layer shrink-wrap systems
- EPDM elastomer solutions resistant from -45°C to +130°C

Key Strengths

- Trusted partner of major brands such as Ferretti, Azimut, Riva and Benetti
- End-to-end service: protection, transport, storage and installation solutions
